All Teams In Action

Initial Games Played In Minor Ball Leagues

The Wheatbelt Babe Ruth League got under way on Tuesday, May 9, with Milo winning their initial home game over Mossleigh and Vulcan taking the measure of Champion.

In Carmangay's first start they also took the measure of Champion by a 19-8 score on Friday, May 12. Top run scores in this game were Ron Row and Larry Stettner of Carmangay with four and three respectively. Credit for the win went to David Hubka who pitched the last five innings after Kenny Dahl started; Roy Hurnanen held down the catching chores for the winners. A number of the Champion boys tried their hand at pitching in an endeavour to stop the Carmangay hitters with Doug Rhodes, Jimmy Anderson, Gerald Aldes, Terry Rhodes and Gregory Lever seeing action and Gordon Decker doing the catching.

Top spot in the league was at stake when Milo came to Vulcan on Friday and this position remained a tie when the teams settled for a 2-2 deadlock. Good pitching was the highlight of this game with Wayne Woodman going the full seven innings for Vulcan and registering nine strikeouts. The two Milo hurlers, Scott and Fernley, combined for a total of eight strikeouts. A. Winch of Milo made a dandy catch of a long fly in the sixth inning to help preserve the tie game.

Little League
Little League action for the first week saw a number of games postponed by rain but they were picked up on Saturday when Champion played two games, one at Vulcan and one at home. In the game at Vulcan against the Tigers, Champion were edged 11-10 after a see-saw battle that saw the lead change several times. Brian Smith, Randy Carruthers and Dale Lebsack hurled for the Tigers with Grant Wolfe and Jimmy Rhodes sharing mound duties for Champion.

Later in the afternoon the Vulcan Yanks travelled to Champion and were greeted by a much sharper aggregation and suffered a 14-3 setback. Johnny Ray and Ronnie Perley pitched to Jimmy Connolly for the losers. Jimmy Rhodes was the winning pitcher with Richard Hegland doing the catching. Jimmy Rupp was the top run scorer.

Other games during the week saw Carmangay take the measure of the Vulcan Tigers by a 14-7

score. A big eight-run second inning saw the southern boys take a big lead that they never lost. Junior Fish Derby On June 4

Plans for the second annual Junior Fish Derby coming up at Lake McGregor on Sunday, June 4, were completed at the recent Friday night meeting of the Vulcan and District Fish & Game Association executive.

The Derby will be once more open to any boy or girl under 16 years of age with no association membership needed, just bring along a pole, lure and parents or guardian for luck.

First prize for the largest fish caught before the weigh stations close at 5:00 o'clock will be a cup. The second and third prizes are dealt with in age categories. A prize of \$3.00 goes for second place to boys and girls in the 10 years and under class and the same prize is offered to the 11 to 15 year old class. A third prize of \$2.00 is also given in these two classes.

The usual two weigh stations will be in operation with Dan McNiven and Don McGregor holding forth at the north end of Lake McGregor and Merle Smith and Howie Marshall located at the south end, east of Drummond's farm.

Fish & Game brains will be at work soon preparing a float to enter the Milo Race Meet parade on June 10, the Vulcan parade on July 1st and the boys will also join in the Champion 50th Anniversary parade the following Monday.

This year's float will depict big game in some form but a suggestion from that game committee head Carl Steiner and Dan McNiven that they collaborate under a set of antlers and a hide and bounce along the parade route selling memberships, was turned down. Something less dramatic but equally effective will be planned.

Cub Parents Honor Leader Tony Pearce

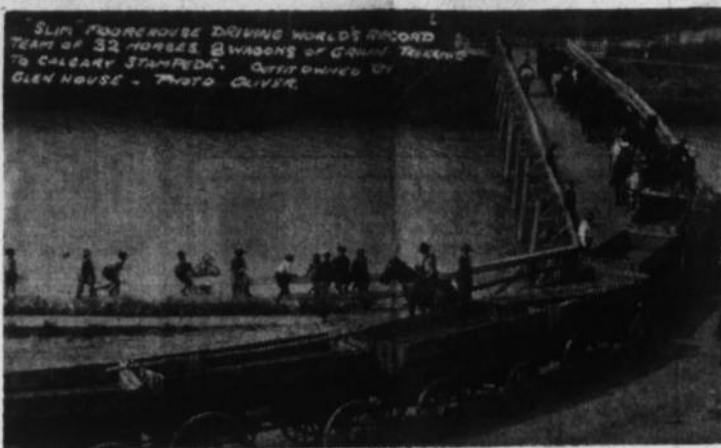

Last Thursday evening was a landmark for a dozen or more of the Cubs here in Vulcan when they received their First Star, marking the successful completion of several tests and service.

This pack meets every Thursday evening under the leadership of Jerry Wylie and Tony Pearce. Enthusiasm is unbounded among the boys and they have a knack of keeping their leaders constantly on their toes in order that they may be one jump ahead of the boys.

At the presentation ceremony last Thursday a number of proficiency badges were also handed out. All the parents had been invited to attend the closing part of the pack meeting in order to see their boys receive these awards.

Something of a surprise materialized at the close of the meeting when all the parents revealed that they had come prepared to arrange an informal lunch in honor of Tony Pearce, who will be leaving Vulcan at the end of the month. R. Marshall, on behalf of all the parents, thanked Mr. Pearce for the work that had been put in with the boys and for all that had been accomplished. In his reply Mr. Pearce thanked the parents for their kind thoughts in arranging the informal get-together and expressed his regret at having to leave such a fine bunch of boys.

Parents are always welcome to attend any of the pack meetings and the leaders are always grateful for the interest and co-operation of these parents.

SLIM MOOREHOUSE DRIVING WORLD'S RECORD TEAM OF 32 HORSES & WAGONS OF GLEN HOUSE TO CALGARY STAMPEDE. CAPTIONED BY GLEN HOUSE - PHOTO OLIVER.

Another of Bruce Roe's photo collection appears above and will be quite familiar to most. It shows the world's record team of horses and wagons which journeyed to the Calgary Stampede parade in 1922. It is the Glen House owned outfit made up of 32 horses pulling eight wagons and driven by "Slim" Moorehouse. As it crossed

the old wooden Carseland bridge spectators range from a fence full of "Huck Finn" type barefooted boys to one lady quite elegantly dressed in full length dress, coat, shawl and wide brimmed hat, and on the bridge along with the wagon hands is a rather smartly dressed gent in suit, white shirt and tie and dress hat.

Old-timers in the district will know the story behind this venture well, but the idea prompting such a caravan seems to have grown from the wheat hauling done over in the Arrowwood, Gleichen and Cluny districts. A form of competition developed among farmers who increased the number of horses and wagons to out-haul the neighbors.

Councillors Meet With Dawson

Town Asks Government Assistance In Solving Water Supply Problem

The regular meeting of the council of the Town of Vulcan occupied two evenings, Monday and Tuesday, last week, with Mayor Findlay and Councillors Morrison, Joiner, Emelson, Burchak, Sutherland and Ness present.

Main business Tuesday evening was the discussion of the town's water supply problems with the Hon. Peter Dawson, Speaker of the House and MLA for Little Bow.

It was pointed out that the present water supply was not satisfactory, both in quality and quantity, and that although the Town had been spending about \$25,000 a year in attempts to get better water very little had been gained.

A major project to pipe water in several miles would require heavy financing but there apparently was no alternative.

Mr. Dawson promised to bring the matter to the attention of the Provincial Government in the hope that help in locating ample supplies of better water and in securing lower interest rates for the necessary financing might be forthcoming from the government.

Building Permits

Two building permits were approved:

A. K. Beatty, 26x40 frame dwelling on Lot 5, Block 37. Contractor: Beaver Lumber Co. Ltd. Estimated cost, \$12,500.

A. Leoni, 30x40 cement block addition to store on Lot 15, Block 3. Contractor: Bersch Construction. Estimated cost \$4,791.

W. H. Richardson, representing the Vulcan District Board of Trade, met with the council and asked their views on a proposal to widen the approach to town from Highway 23 and to provide an "island" to divide north and south-bound traffic at the intersection, as a safety measure. Council endorsed the Board of Trade's proposal, which was to be presented to the Department of Highways by Mr. Richardson.

The matter of lighting the intersection was also discussed and it was pointed out that an agreement had been reached with the County to provide two lights at the approach on an equal cost-sharing basis, but that the Department of Highways had disapproved of the plan on the grounds that two lights were not sufficient.

Licensing of Tradesmen

Allan Taylor of Taylor Bros. Painters interviewed council and suggested that the Town Business Licensing By-law be amended to provide that all tradesmen operating in the town be licensed. Council agreed that it would be advisable to revise the Business Licensing By-law, but no action was taken.

Other Business

Council gave instructions that the part of the Fire By-law prohibiting open fires and the burning of garbage after 8:00 p.m. will be enforced.

Contract for heating in the new library was let to John Simpson

in the amount of \$690.

Charges for cemetery plots were increased to help defray the cost of perpetual care. Charges in future will be \$25 for a single plot, \$60 for a half plot and \$120 for a full plot.

The purchase of six new firemen's helmets was authorized.

The town agreed to conform to Department of Highways standards for development on town-controlled lands adjacent to Highway 23.

Regular Meetings Of Church Groups

The May meeting of the Church of Christ Keystone Class was held at the home of Mrs. Reath. There were 14 members and one visitor present and roll call was answered with Mothers in the Bible. Miss Nettie Ware presided over the business meeting, during which correspondence was read from missionaries in India. It was decided that the missionary offering for the month should be sent to assist with the work of building a mission hospital in Southern Rhodesia, Africa.

An autograph book was presented to Mrs. Pearce by the president as a farewell gift from the group. Mrs. Nafziger brought a very interesting and inspiring devotional thought, centred around the need we have for prayer in our lives. "Happy Birthday" was sung to Mrs. Boose and Mrs. Smith whose birthdays fall during the month.

A delicious lunch was served by the hostess and her daughters at the close of the meeting.

Mrs. Eileen Haga was hostess to the May meeting of the Candlelight Group of the Church of Christ. There were 19 members and four visitors present. The theme of the evening was on honor of Mothers. Roll call was answered with a Bible verse on "Mother" and each lady told of a famous mother. Miss Margaret Davis brought a very interesting devotional entitled, "Motherhood," and she took as her text Isaiah 66:13.

Mrs. Lillie Schmidt presided over the business meeting during which a day was decided upon on which to have the annual clean-up at the church. It was reported that another box of clothing had been sent to Manitoba for distribution among the Indians there. Mrs. Ruth Orchard read the correspondence.

To close the evening a very interesting program was arranged by Mrs. Lillie Schmidt. Mrs. Ila Lundgren and Miss Margaret Davis sang a duet, Miss Nettie Ware gave a recitation, Mrs. Jean Gardner sang a solo and Mrs. Lillie Schmidt read a poem entitled, "What is a Mother." To conclude this program a very original bingo game was played with four of the ladies present receiving small prizes.

A delicious lunch was served by the hostess, assisted by Mrs. Hilda Hammer and Mrs. Mae Spaeth.

Wins Amateur Title

Jerry Palmer Canadian Flyweight Boxing Champ

Jerry Palmer of Vulcan became Canadian amateur flyweight boxing champion of Canada last Saturday when he outpointed Tom Hibbert of Vancouver in the final round of the Canadian amateur boxing championships last Saturday at Drayton Valley, Alta.

Palmer, 112 lbs., has since been chosen as a member of an eight-man Canadian boxing team that will likely attend the Pan-Pacific Games scheduled for Honolulu Aug. 20-Sept. 3. He will represent Canada in the 112 lb. flyweight class. Hibbert was chosen as alternate in this class.

Appoint New Hospital Secretary

New secretary-treasurer of the Vulcan Municipal Hospital District No. 19 is Frank Wythe, from Calgary.

Mr. Wythe arrived in Vulcan this week and will be joined in a few days by Mrs. Wythe and their three small children.

Business Staffs Try Hand At Street Cleaning

You country folk should have come to town Monday morning — you missed sights that haven't been seen on Vulcan's streets since they sent the gang home after the street dance last July.

The paved business streets in town were cleaned. Not by the town staff alone; or by hired help did they get cleaned but by the sweat-brigade made up of practically every store owner and staff man along the pavement.

This project announced in last week's Advocate went to those affected in the form of a request and met with almost complete co-operation and at the same time took off the "Paint-up, Clean-up Week" in a big way.

One fellow hustled down town at 7:30 a.m. aiming to get his frontage done and be gone before the others showed up but he was met by a good part of the crew when he arrived and by 8:00 a.m. the streets were fairly swarming with unshaven, out-of-shape pick end shovel boys who were hard at it. Shovels, brooms and scrapers were the tools and before 10 o'clock coffee time, much of the dirt and debris that has been building up along the streets, was in piles out in the centre. Town crews quickly hauled the remains away and during the day fire department crews flushed the streets clean, down to the pavement.

It was a thorough job and if rumors of street cleaning habits in Holland are true, Andy Broere of the hose crew must have found memories of his homeland at the sight.

One fear of the gang was that the household boss would drop by and reveal to herself at a glance the latent skills which had never been put to use around the home place. It is said the group, from the drug stores down to the county office, operated in similar manner to geese feeding — one watched for signs of danger while the remainder worked.

Monday Holiday

May 24th this year falls on a Wednesday but will be celebrated on Monday, May 22, as a public holiday.

THE WEATHER

Scattered heavy showers fell over Southern Alberta Sunday and Monday of this week, delaying seeding operations but aiding the moisture situation.

Drier weather is forecast for the latter part of this week.

Vulcan's 50th Anniversary Not Until 1963

Thomas-Kulyna Rites At Edmonton

A quiet wedding of interest here and at a number of other Alberta points was solemnized at Avonmore United Church, Edmonton on Wednesday, May 3, at 4:30 p.m., when Mary Rose, younger daughter of Mrs. Ksenia Kulyna and the late H. Kulyna of Peace River, Alta., became the bride of William Allan Thomas, only son of Mr. and Mrs. D. P. Thomas of Vulcan.

Rev. J. S. Clarke officiated at the wedding rites, with Miss Gloria Konopski of Peace River attending the bride as bridesmaid, while Reginald Scotney of Vulcan was best man.

Mr. and Mrs. Thomas visited at Edmonton, Peace River and Manning and have returned to make their home at Vulcan.

A story which would have been of great interest and importance to Vulcanites and those connected with its early history, collapsed and died about 9:30 last Thursday night. We of Vulcan, through such representatives as town officials, Board of Trade men and service clubs and such, had some of the organizational machinery set up and were getting ready to announce plans for the celebrating of Vulcan's 50th anniversary in 1961... two years too early.

Whether some of the enthusiasm gathered in connection with Champion's 50th celebration rubbed off around our town or whether someone misread the date of the incorporation of Vulcan is not known but this was certainly no gag. Four different town groups agreed to meet in council chambers Thursday night and had tossed around many ideas on a July 1st date to let people know we're getting on in years. A search for names of early settlers and

Queen Judging On Ticket Sales And Horsemanship

Through an error either in the source of information or in its recording, a mistaken point judging system regarding the Milo Race Meet Queen contest was given in last week's Advocate.

The method of judging should have read: 60% on ticket sales and 40% on horsemanship.

Tickets are moving well in most districts and the volume is expected to increase as the two big days, June 9 and 10, draw near. One of the four girls, Joyce Stannard of Lomond, Dianne Vaage of Champion, Maxine Haas of Travers or Judy Willard of Milo will be crowned queen of the Meet and will also win a three-day, all-expense-paid trip to the Miss Canada Rodeo Queen Contest.

Last year Red Cross laboratories conducted 146,073 tests for the Rh factor. This is a free service for expectant mothers.

This is the date set for the celebration of the Village of Champion's 50th anniversary, and Mr. Versluys gift of hat bands will aid in keeping this date fresh in your mind. Vaughn had difficulty in deciding which was the most original.

Lunch was then served, from tables beautifully decorated with potted plants. After lunch the following corsages were awarded: To the oldest grandmother present,

A brand new version of Louisa M. Alcott's famous story, "Little Women" has been chosen by the Drama 10 class for their play this year, and will be presented in the Milo School Auditorium. Everybody has read the story of "Little Women", and a lot of people have seen the motion picture and the play, but here is a version that contains more of the beloved elements in the book than any other that has ever been offered. Recently released for amateur use, "Little Women", as produced by the local cast, will thrill you with its humanness, amuse you with its comedy, will make you sad with its tragedy and hopeful with its tender romance.

Work is progressing on the Village of Milo water and sewer system. To date, the laying of sewer mains has been completed and they have commenced work on the water mains. The Newer Ghost Dam

The Old Horseshoe Dam

CALGARY POWER LTD.

SERVING THE PROVINCE OF ALBERTA

Here's a real saga of the old West, a story that fires the imagination of every Westerner. The building of HORSESHOE, the first major hydro-electric development in the West, is a story of courage and vision that helped to open up this country.

In the early 1900's the only source of hydro power in the West was a small 280 h.p. water wheel plant at the Eau Claire sawmill on the Bow River. However, in 1909 work started on HORSESHOE. Imagine the problems of excavating without modern power equipment. The only power was muscle ... provided by 200 men with picks and shovels. Horsepower was just that ... horse drawn slips and fresnos.

Cement came by rail spur from the Canada Cement Plant at Exshaw, and sand and gravel (150 car loads) was hauled in by rail to be fed to the cement mixers. Friendly Stony Indians dropped into the camp from time to time.

The trials and tribulations were many. At one time the complete coffer dam was washed out by a flood. Slowly, however, the dam took shape and on May 21, 1911 HORSESHOE was completed with a capacity of 20,000 h.p. Here is a lasting memorial to the courage and vision of the men who planned and built the first large hydro-electric development "out West"

Canadian Spelling

Canada, like Britain, has a flair for compromise. It has been developed through necessity. Canada must compromise every day between things British and things American. The Canadian character, when it emerges, is a mixture of the two.

Compromise, to be useful, must be a something in itself. If it is to be a mixture, then the right quantities of the various ingredients must be decided upon and the formula must be followed. Without a formula, without direction, the mixture becomes mere muddle.

That is the state of Canadian spelling today,

Minor Leagues

(Continued From Front Page)
Little League a very suspicious one with a close 6-5 victory over Carmangay. Top hitting efforts were a home-run by Tom Andros-off for the winners and a triple by Alvin McLeod for the losers. Pitch-

ing chores for Carmangay were shared by Calvin Teskey, Stuart Palk and Terry Moore with Bob Letal catching. For Mossleigh it was Dave Wark and Andy Sherstabetoff doing the pitching to Bob Scott. This is Mossleigh's first start in Little League baseball and it looks like they are out to give a good account of themselves.

New Rod Weeder Plus Extra Ruggedness for OLIVER Chisel Plow

There's a new bonus in field cultivation and summer fallowing with a rod-weeder attachment for an Oliver chisel plow. The soil pulverizes better and you kill more weeds.

The new rod-weeder attachment operates automatically when you drop the chisels, regardless of the type of lift or size of wheel-type chisel plow you have. The rod is powered by strong, low-friction, roller-type chains—no transmission or gears to wear out.

Now Oliver's popular chisel plow has new ruggedness, too. The entire frame is a lightweight, rigid box. Each double-spring clamp has new length for added strength and flexibility.

Give us a call and we'll arrange a demonstration of the new Oliver chisel plow — both with and without the rod-weeder attachment.

Here's a machine that takes on numerous tillage jobs . . . does the work and saves the cost of several tools. It's the ideal implement for conserving moisture in a variety of ways . . . reducing erosion from wind and runoff by mulching and roughing . . . summer-fallowing . . . cultivating and killing deep-rooted weeds . . . renewing grasslands by ripping up old sod . . . fracturing and shattering subsoil . . . preparing deep, mellow seedbeds.

Watch how an Oliver chisel plow leaves a protective mulch on your fields to check soil blowing and evaporation, to prevent compaction by heavy rains . . . note how it opens the ground without ridging to accept moisture. It's easy to see why this machine is a mighty worthwhile investment. And it's sturdily built to stand the gaff of working the toughest and stoniest land. You can keep going without delay or costly breakdowns. It can be used for shallow or deep tillage, and fitted with a full range of shank attachments.

CHOICE OF 15 WIDTHS AND THREE LIFTS

Oliver chisel plows are built in five basic sizes: 4, 7, 10, 13 and 16 feet. But extensions of 1 and 2 feet are available so that any basic size may be increased by 2 or 4 feet. This choice of widths permits you to pick the size that best fits your needs.

A time-tested unit that has proven its superior design and durability — which offers the best value for your dollar.

14-FT. 500 SERIES CHISEL PLOW for hyd., 22" clearance, 2x1 H.D. shanks, 13¾" double spring shank release clamps. Complete with tires and tubes, for only **978.90**

PROPERLY DESIGNED REAR TOW HITCH for all sizes of Oliver plows. Also fits other popular makes of chisel plows. At **41.95**

Home and School Association

The regular May meeting of the Carmangay Home and School Association was in the town office. Reviewing the present school situation, Principal Mr. Palk reported that classes are being carried on normally and no special problems have arisen. The students' commencement dance will be held in the Community Hall and the association agreed to help with supervision and serving lunch. The group decided not to sponsor a school picnic this year.

President Mrs. McGinnis appointed a nominating committee to prepare for the election of a new slate of officers at the June meeting. At the request of Mr. Knight a committee agreed to undertake a census to ascertain the number of pre-school children in the district.

Mrs. L. Roemmele introduced the guest speaker Charles Linn, whose subject was, "Development of Students' Potential." Enlarging on this, he also mentioned adult potential. He remarked that Carmangay could be commended for the active association and stressed the importance of parents' interest in educational matters. After reviewing some of the federation's past achievements Mr. Linn quoted the slogan, "Let's look to the future, it's yours." One important task would be to remove the stigma from vocational programs and put tradesmen and professionals on a more equal basis. He mentioned the Lilt Junior College with its plans for the future. Education he stated, could be called the key to the door of success, and it should be considered an investment not an expense.

At the close of the meeting, lunch was served by the refreshment committee.

Her elbow-length veil was held by a latticed pearl headpiece and she carried a cascade bouquet of ruffled white gladioli.

Missionary Council Plans Service

The regular meeting of the Women's Missionary Council was held in the parsonage on Friday, May 12, at 7:30 p.m. The meeting opened with the singing of several hymns and the reading of a prayer letter from the McQuarries, missionaries in Kenya, Africa. An inspiring address was brought by Mrs. O. H. Schneider, president of the group, entitled, "The Spirit of Pentecost."

The ladies will be in charge of the entire service, a display of the work will be shown, and a special offering will be taken to defray the expenses of a parcel which the group will send to Rev. and Mrs. Keyes in the West Indies.
